

NHS Greater Glasgow and Clyde (NHSGGC) is the largest NHS organisation in Scotland with the biggest hospital pharmacy team and extensive experience and success in pharmacist Foundation Training. We are offering **11** full time hospital sector Foundation Training Year opportunities for in 2024-25, based across Glasgow Royal Infirmary, Royal Alexandra Hospital, and Queen Elizabeth University Hospital. Our programme has a track record of producing well rounded pharmacists who successfully secure permanent Band 6 posts enabling completion of Post-Registration Foundation training once qualified.

****New for 2024-25 – Hospital, Mental Health, Primary Care and Community Split/Modular Programmes****

We are excited to be able to offer an additional **18 places** in cross sector (Split or Modular) programmes, building on current hospital/primary care split programme in Inverclyde

We have a great range of sector combinations available. Site teams are looking forward to working together in delivering these new programmes and supporting trainee pharmacists to work collaboratively and across sectors.

We believe that a great Foundation Training year is a building block for your career and we support our trainees to gain as much as possible from all the experiences offered. You will have access not only to all training associated with the NES Foundation Training Year programme, but also the addition of NHS GGC support/tutorial events.

Please see our Training Provider Information statement for further information about our organisation and our training programmes [here](#)

Open events

We will offer two “open day” events. The first will be a face to face event at Glasgow Royal Infirmary and the second session will be delivered using MS Teams.
