

# student essentials

## RCM i-learn resource

### Aim:

An interactive i-learn resource, designed to help students prepare for their midwifery course, academic work and clinical placements.

### Design:

Four main sections:

1. **Studying**
2. **Placement**
3. **Getting organised**
4. **Self-care**

### Methods:

Student-led content

Launched at RCM Student Conference in November 2023

Promoted to student midwives on social media platforms and across the U.K

### Outcomes:

A virtual hub of information for RCM student midwife members across the UK

Support for students has increased, relieving pressure off HEIS to provide essential information regarding midwifery programmes.

### Results:

59 members enrolled onto module after the launch – ongoing.

Feedback included:

**“This was brilliant. This had ideas and links to charities and support systems that I was not aware of.”**

**“ A really helpful learning resource”**

**“Great tips for being organised”**

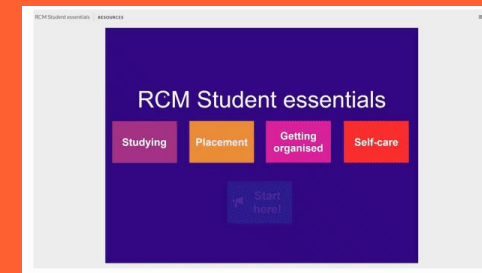

**“Especially handy to have extensive links to where to look for academic help and support”**

**Scan QR Code to access demo of resource**

**Royal College of Midwives**
