

DENTAL CORE TRAINING 2020/21

Scotland - Howden Health Centre PDS then Forth Valley Hospital

1.	HEE team/Deanery name	Scotland
2.	Type of training post	DCT 1
3.	Rotational Post information	Rotational September 2022– March 2023 – Howden Health Centre, Livingston: Public Dental Services (PDS, also referred to as the Community Dental Service). March 2023 – August 2023 – Forth Valley Hospital (FV): Oral Maxillofacial Surgery
4.	Training unit/location/s	The first six months of this post will be based in NHS Lothian Health Board at Howden Health Centre (PDS) and the following six months in the NHS Forth Valley health board at Forth Valley Royal Hospital.
5.	Full address of training units where training will take place	Howden Health Centre, Howden Road West, Livingston, EH54 6TP Forth Valley Royal Hospital, Stirling Road, Larbert, FK5 4WR
6.	Travelling commitment	There will be a requirement to travel within NHS Lothian then NHS Forth Valley Health Board areas in order to obtain a range of experience.
7.	Educational Supervisor	Will be confirmed with post-holder
8.	Description of the training post	In the PDS rotation from September 2022 to March 2023 you will have the opportunity to work in a variety of locations with a range of clinical supervisors where you will provide a range of treatment for PDS patient groups including children and adults with special care needs. You may have the opportunity to receive training in Inhalation Sedation; be able to participate in GA sessions; and the provision of emergency dental care. The Forth Valley part of the post will commence in March 2023 to August 2023. Oral and Maxillofacial Surgery is based at Forth Valley Royal Hospital. There are multi-disciplinary clinics for patients with head and neck malignancy and facial deformity and trauma. There are three all-day general anaesthetic operating lists. There are four local anaesthetic sessions per week in addition to two IV Sedation/LA lists per week. There are outpatient clinics daily encompassing specialist Head and Neck Oncology and Facial Deformity/Orthognathic and Trauma. The DCTs are supported by medically qualified Foundation Doctors for inpatient management of elective and unscheduled care. They are also supported by OMFS Staff Grades and Associate Specialist, Registrar and two

		<p>resident Consultants in FVRH. DCTs attend ward rounds and theatre lists. They assist in outpatient clinics -and are bleep holder first on-call for emergency cases. There is one session allocated per week for study, and a further session for minor oral surgery performed under local anaesthesia.</p> <p>The current on call is shared with NHS Lanarkshire. This can involve A&E attendances in the NHS Lanarkshire hospitals; Monklands District General Hospital, Wishaw General and Hairmyres Hospital in addition to the Forth Valley Royal Hospital acute site. FVRH, currently takes admissions from both Forth Valley and NHS Lanarkshire during the week and solely Forth Valley at weekends with Lanarkshire admissions going to Greater Glasgow and Clyde over the weekend.</p> <p>The on-call rota is currently 1:5 non-resident. On-call can involve travelling between hospitals to see or review patients. You must be able to travel between hospitals. The current on call is supported by the West of Scotland specialist registrars and Forth Valley and Lanarkshire consultants. It is recommended that you reside within a 30-minute travel time radius from your on-call base.</p>
9.	Primary Care training element	In this post the DCT1 will work six months in PDS. You therefore need to be eligible for an NHS List number.
10.	Educational programme summary and library facilities	<p>There is a Scotland-wide education programme for DCT1s which is designed to match the DCT curriculum. The programme will include an induction followed by a number of study events throughout the year, supported by Turas Learn. These events will be delivered with a mix of face to face and online sessions, which will include all DCT1s training in Scotland, as does the annual trainee conference which includes the DCT2s and DCT3s. In addition, there will be an education programme for DCT1s during their time in the Public Dental Service which has been designed to support this role.</p> <p>All trainees have access to study leave time (in line with terms and conditions of service) and budget. This may be used to access MFDS/MFD/MJDF courses and other courses that are appropriate to the DCT's stage of training and on a relevant topic. DCT1 posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.</p> <p>All DCTs, who have not worked in an Oral and Maxillofacial Surgery (OMFS) unit in Scotland previously, attend an additional two-day induction course: Maxfacts. This course is designed to cover the essential skills for an OMFS DCT post and is delivered by OMFS consultants and senior trainees. The teaching is</p>

		backed up by on-line resources which will be made available to DCTs prior to the Maxfacts course.
