8.	Description of the training post	<p>The post at DDH will run from September 2023 to March 2024. As a DCT1 you will have opportunities to gain experience in a mix of dental accident and emergency care, oral surgery and paediatric dentistry.</p> <p>In this DCT1 post, you will undertake a range of PDS duties from March 2024 to September 2024. These may include dental inspection of schools, domiciliary care, care of patients who have special needs or require special care, and paediatric dentistry. There may also be opportunities to participate in GA lists. You will receive training in inhalation sedation.</p>
9.	Primary Care training element	In this post the DCT1 will work for six months in the PDS. You therefore need to be eligible for an NHS list number.
10.	Educational programme summary and library facilities	There is a Scotland-wide education programme for Dental Core Trainees which is designed to match the DCT curriculum. The programme has four themes running through each year of Dental Core Training. These are: Clinical, Communication, Career Development Skills and Quality Improvement & Patient Safety. Posts begin with a local health board and NES induction, followed by a number of face-to-face study events throughout the year, supported by Turas Learn. These events include all Dental Core Trainees in Scotland, as does the annual trainee conference. All trainees have access to study

		leave time (in line with terms and conditions of service) and budget. This may be used to access MFDS/MFD/MJDF courses and other courses linked to an agreed PDP. DCT posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.
