

Contents of RGU Student Pharmacist Feedback Questionnaire

This document is for awareness of the feedback that is requested from student pharmacists after each experiential learning (EL) placement. The feedback is submitted via an online questionnaire.

Student pharmacist feedback supports NES Initial Education and Training quality management processes. NES will aim to support training providers to enhance the quality of their EL and overcome any barriers to providing high quality EL. They aim to share good practice to support the development of EL facilitators.

Student pharmacists are not identified during any follow up with training providers.
