

## REGISTRATION Open 1st December 2024 - 12 midday on 10th January 2025

This programme:

- is aimed at pharmacists early in their career who are in patient-focussed roles to encourage them to develop knowledge, skill, values and behaviours to confidently practice in any sector
- has been designed in line with the RPS UK Post-Registration Foundation curriculum
- includes an independent prescribing course delivered by a Scottish university
- enables integration to the multidisciplinary team through the need to have collaborators from different professions review practice
- requires an Educational Supervisor to undertake regular meetings & review evidence.

### WHY JOIN?

- ✓ Provides a structured training programme
- ✓ Proven to increase confidence & competence
- ✓ Includes an Independent Prescribing course
- ✓ Opportunities to experience a wide variety of practice
