

## DENTAL CORE TRAINING 2022 - 2023

### Scotland - Glasgow Dental Hospital – Paediatric Dentistry then Restorative Dentistry

1.	<b>HEE team/Deanery name</b>	Scotland
2.	<b>Type of training post</b>	Post DCT Fellowship
3.	<b>Rotational Post information</b>	September 2022 to March 2023: Paediatric Dentistry, Glasgow Dental Hospital & Royal Hospital for Children.  March 2023 to August 2023: Restorative Department at Glasgow Dental Hospital and School
4.	<b>Training unit/location/s</b>	Glasgow Dental Hospital and School: Paediatric Dentistry Department, Restorative Dentistry Department. Royal Hospital for Children, Glasgow.
5.	<b>Full address of training units where training will take place</b>	Glasgow Dental Hospital and School 378 Sauchiehall Street Glasgow G2 3JZ Royal Hospital for Children, 1345 Govan Road, Glasgow G51 4TF.
6.	<b>Travelling commitment</b>	There will be a requirement to travel within the Greater Glasgow and Clyde Health Board area in order to obtain a range of experience.
7.	<b>Educational Supervisor</b>	Will be confirmed with post-holder
8.	<b>Description of the training post</b>	<p>This first placement in this post from September 2022 to March 2023 is ideally suited to anyone interested in Paediatric Dentistry. The Paediatric Department within Glasgow Dental Hospital and School may offer clinical experience in the following: new patient assessment clinics; treatment sessions, including inhalation sedation; accident and emergency; dental trauma; and multidisciplinary clinics. Clinical time will also be spent within the Royal Hospital for Children (RHC) where DCTs may gain experience in new patient assessment and treatment of medically complex children and will be involved in the in-/ out-patient care of children requiring priority dental care, including those with oncology, haematology and cardiac diagnoses.</p> <p>The second part of the post is based in the Restorative Dentistry department at Glasgow Dental Hospital and School from March 2020 to August 2021 and will offer experience in the following aspects of dentistry; Periodontology, Fixed and Removable Prosthodontics and Endodontics. There are both core and specialty level training post holders working throughout the department. There is a close working relationship with the School for Dental Care Professionals and the University of Glasgow Dental School, both located within GDH. Clinical experiences may include; new patient referral clinics, treatment sessions, including basic surgical training, supervision of BDS or BSc students, and an emergency patient session.</p>
9.	<b>Primary Care training element</b>	None

10.	<b>Pattern of working, including any on-call commitment</b>	40 hours per week, Mon-Fri 9.00 am - 5.00pm
11.	<b>Educational programme summary and library facilities</b>	There is a Scotland-wide education programme for Post DCT Fellows which is designed to match the DCT curriculum. The programme will include an induction followed by a number of study events throughout the year, supported by Turas Learn. These events will be delivered with a mix of face to face and online sessions, which will include all Post DCT Fellows training in Scotland, as does the annual trainee conference which includes the DCT1s, DCT2s and DCT3s. All trainees have access to study leave time (in line with terms and conditions of service) and budget. This may be used to access MFDS/MFD/MJDF courses and other courses linked to an agreed PDP. Post DCT fellowship posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.
12.	<b>Employment information</b>	
13.	<b>Employer</b>	NHS Education for Scotland (NES)
14.	<b>Placement Board</b>	Greater Glasgow and Clyde
