8.	<b>Description of the training post</b>	From September 2022 to March 2023 the DCT1 will be based in Crosshouse Hospital. Dentoalveolar surgery still constitutes the majority of the work carried out by the OMFS unit, which is mainly dealt with by Specialty Doctor(s) and DCTs under supervision. The consultants also undertake dentoalveolar surgery in the day surgery unit. Orthognathic surgery, facial trauma, facial cancer, oral medicine, TMJ disease and facial pain and implantology services are also provided. In addition to OMFS, Orthodontic & Restorative Consultants also provide services at Crosshouse Hospital. The DCT1 will undertake a range of PDS duties from March 2023 to August 2023. These may include dental inspection of schools, domiciliary care, care of patients who have additional needs or require special care, paediatrics and treatment of patients within GDS terms and conditions. There will also be opportunities to participate in GA lists and receive training in inhalation sedation.
9.	<b>Primary Care training element</b>	In this post the DCT1 will work for six months in the PDS. You therefore need to be eligible for an NHS list number.

10.	<b>Educational programme summary and library facilities</b>	<p>There is a Scotland-wide education programme for DCT1s which is designed to match the DCT curriculum. The programme will include an induction followed by a number of study events throughout the year, supported by Turas Learn. These events will be delivered with a mix of face to face and online sessions, which will include all DCT1s training in Scotland, as does the annual trainee conference which includes the DCT2s and DCT3s. In addition, there will be an education programme for DCT1s during their time in the Public Dental Service which has been designed to support this role.</p> <p>All trainees have access to study leave time (in line with terms and conditions of service) and budget. This may be used to access MFDS/MFD/MJDF courses and other courses linked to an agreed PDP. DCT1 posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.</p> <p>All DCTs, who have not worked in an Oral and Maxillofacial Surgery (OMFS) unit in Scotland previously, attend an additional two-day induction course: Maxfacts. This course is designed to cover the essential skills for an OMFS DCT post and is delivered by OMFS consultants and senior trainees. The teaching is backed up by on-line resources which will be made available to DCTs prior to the Maxfacts course.</p>
