

DENTAL CORE TRAINING 2022 - 2023

Scotland - Ninewells Hospital – OMFS

**Post not suitable for Temporary Registrants*

1.	Deanery name	Scotland
2.	Type of training post	Post DCT Fellowship
3.	Rotational Post information	Non-Rotational
4.	Training unit/location/s	Ninewells Hospital
5.	Full address of training units where training will take place	Ninewells Hospital Dundee DD1 9SY
6.	Travelling commitment	There will be a requirement to travel within the Health Board area in order to obtain a range of experience.
7.	Educational Supervisor	Will be confirmed with post-holder
8.	Description of the training post	There are two posts at Ninewells Hospital. The post DCT Fellowships work in a rotational system, usually of three weeks duration. The Post DCT Fellows attend Out-Patient Clinics, theatre sessions and pre-assessment Clinics and are responsible for admission and care of all OMFS inpatients in Ninewells, and the Day Case Units in PRI and Ninewells. Trainees will receive training in a number of surgical procedures. The incorporation of Foundation Doctors on the ward has assisted in the safe delivery of all acute medical care. The post DCT fellows have the opportunity to participate in the informal teaching of Medical and Dental Students. Opportunities also exist to attend other clinical presentations and meetings occurring elsewhere in Ninewells Hospital and a postgraduate teaching calendar is available. The post DCT Fellows are encouraged to undertake research/quality improvement projects, usually in conjunction with senior or academic colleagues. This department has a strong record in achieving publications for motivated trainees.
9.	Primary Care training element	N/A
10.	Educational programme summary and library facilities	There is a Scotland-wide education programme for Post DCT Fellows which is designed to match the DCT curriculum. The programme will include an induction followed by a number of study events throughout the year, supported by Turas Learn. These events will be delivered with a mix of face to face and online sessions, which will include all Post DCT Fellows training in Scotland, as does the annual trainee conference which includes the DCT1s, DCT2s and DCT3s. All trainees have access to study leave time (in line with terms and conditions of service) and budget. This may be used to access MFDS/MFD/MJDF courses and other courses linked to an agreed PDP. Post DCT fellowship posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.

		All DCTs, who have not worked in an Oral and Maxillofacial Surgery (OMFS) unit in Scotland previously, attend an additional two-day induction course: Maxfacts. This course is designed to cover the essential skills for an OMFS DCT post and is delivered by OMFS consultants and senior trainees. The teaching is backed up by on-line resources which will be made available to DCTs prior to the Maxfacts course.
11.	Employment information	
12.	Employer	NHS Education for Scotland (NES)
13.	Placement Board	NHS Tayside
