

DENTAL CORE TRAINING 2022/23

Scotland –Forth Valley Hospital (OMFS) Glasgow Dental Hospital (Paediatric Dentistry)

1.	Deanery name	Scotland
2.	Type of training post	DCT 3
3.	Rotational Post information	Rotational
4.	Training unit/location/s	OMFS Department, Forth Valley Royal Hospital Glasgow Dental Hospital and School: Department of Paediatric Dentistry, also with sessions at the Royal Hospital for Children.
5.	Full address of training units where training will take place	Forth Valley Royal Hospital, Stirling Road, Larbert, FK5 4WR Glasgow Dental Hospital and School 378 Sauchiehall Street, Glasgow G2 3JZ
6.	Travelling commitment	There will be a requirement to travel within the NHS Forth Valley Health Board and NHS Lanarkshire areas in order to obtain a range of experience. There is a requirement to travel to hospitals in the Greater Glasgow Health Board area to attend a variety of clinics.
7.	Educational Supervisor	Will be confirmed with post-holder
8.	Description of the training post	The first placement in this post from September 2022 to March 2023. Oral and Maxillofacial Surgery is based at Forth Valley Royal Hospital. There are multi-disciplinary clinics for patients with head and neck malignancy and facial deformity and trauma. There are three all-day general anaesthetic operating lists. There are four local anaesthetic sessions per week in addition to two IV Sedation/LA lists per week. There are outpatient clinics daily encompassing specialist Head and Neck Oncology and Facial Deformity/Orthognathic and Trauma. The DCTs are supported by medically qualified Foundation Doctors for inpatient management of elective and unscheduled care. They are also supported by OMFS Staff Grades and Associate Specialist, Registrar and two resident Consultants in FVRH. DCTs attend ward rounds and theatre lists. They assist in outpatient clinics -and are bleep holder first on-call for emergency cases. There is one session allocated per week for study, and a further session for minor oral surgery performed under local anaesthesia. The current on call is shared with NHS Lanarkshire. This can involve A&E attendances in the NHS Lanarkshire hospitals; Monklands District General Hospital, Wishaw General and Hairmyres Hospital in addition to the Forth Valley Royal Hospital acute site. FVRH, currently takes admissions from both Forth Valley and NHS Lanarkshire

		<p>during the week and solely Forth Valley at weekends with Lanarkshire admissions going to Greater Glasgow and Clyde over the weekend. The on-call rota is currently 1:5 non-resident. On-call can involve travelling between hospitals to see or review patients. You must be able to travel between hospitals. The current on call is supported by the West of Scotland specialist registrars and Forth Valley and Lanarkshire consultants. It is recommended that you reside within a 30-minute travel time radius from your on-call base.</p> <p>The second placement in this post from March 2023 to August 2023 is ideally suited to anyone interested in Paediatric Dentistry. The Paediatric Department within Glasgow Dental Hospital and School may offer clinical experience in the following: new patient assessment clinics; treatment sessions, including inhalation sedation; accident and emergency; dental trauma; and multidisciplinary clinics. Clinical time will also be spent within the Royal Hospital for Children (RHC) where DCTs may gain experience in new patient assessment and treatment of medically complex children and will be involved in the in-/ out-patient care of children requiring priority dental care, including those with oncology, haematology and cardiac diagnoses.</p>
9.	Primary Care training element	None
10.	Educational programme summary and library facilities	<p>There is a Scotland-wide education programme for DCT3s which is designed to match the DCT curriculum. The programme will include an induction followed by a number of study events throughout the year, supported by Turas Learn. These events will be delivered with a mix of face to face and online sessions, which will include all DCT3s training in Scotland, as does the annual trainee conference which includes the DCT1s and DCT2s. All trainees have access to study leave time (in line with terms and conditions of service) and budget. This may be used to access MFDS/MFD/MJDF courses and other courses linked to an agreed PDP. DCT3 posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.</p> <p>All DCTs, who have not worked in an Oral and Maxillofacial Surgery (OMFS) unit in Scotland previously, attend an additional two-day induction course: Maxfacts. This course is designed to cover the essential skills for an OMFS DCT post and is delivered by OMFS consultants and senior trainees. The teaching is backed up by on-line resources which will be made available to DCTs prior to the Maxfacts course.</p>
11.	Employment information	
12.	Employer	NHS Education for Scotland (NES)
13.	Placement Board	Placement 1 – NHS Forth Valley Placement 2 – NHS Greater Glasgow and Clyde
