

DENTAL CORE TRAINING 2022/2023

Scotland – Crosshouse Hospital – OMFS

1.	Deanery name	Scotland
2.	Type of training post	DCT 2
3.	Rotational Post information	Not rotational
4.	Training unit/location/s	This post is based within NHS Ayrshire and Arran at Crosshouse Hospital with on-call duties and outpatient clinics at Ayr Hospital.
5.	Full address of training units where training will take place	Crosshouse Hospital Kilmarnock Road Crosshouse KA2 0BE
6.	Travelling commitment	There will be a requirement to travel within the Board area in order to obtain a range of experience
7.	Educational Supervisor	Will be confirmed with post-holder
8.	Description of the training post	<p>The post timetable at Crosshouse Hospital rotates on a four-month basis through differing combinations of clinics and theatre. Post holders will participate in a 1 in 6 on-call rotation. Dentoalveolar surgery constitutes the majority of the work carried out by the unit, which is mainly dealt with by Specialty Doctor(s) and DCTs under supervision. The consultants also undertake dentoalveolar surgery in the day surgery unit.</p> <p>Orthognathic surgery: A complete facial deformity service is provided, treating both acquired and congenital deformities.</p> <p>Trauma: Hard and soft tissue trauma of the face, jaws and neck is dealt with and a on call service is provided</p> <p>Head and Neck Oncology and Reconstructive Surgery: The department provides the maxillofacial input to the head and neck oncology and reconstruction service. This is carried out in conjunction with otolaryngology, with microvascular surgery at the Queen Elizabeth University Hospital, Glasgow.</p> <p>Facial cancer: The OMFS and dermatology departments have joint clinics on a monthly basis to allow the dermatologists to refer patients with facial cancer. It also enables the OMFS Unit to refer interesting skin problems to the dermatologists.</p> <p>TMJ Disease and facial pain: The department provides the Ayrshire service for this treatment</p> <p>Oral Medicine: The Ayrshire service is provided by the department</p>
9.	Primary Care training element	None

10.	Educational programme summary and library facilities	<p>There is a Scotland-wide education programme for DCT2s which is designed to match the DCT curriculum. The programme will include an induction followed by a number of study events throughout the year, supported by Turas Learn. These events will be delivered with a mix of face to face and online sessions, which will include all DCT2s training in Scotland, as does the annual trainee conference which includes the DCT1s and DCT3s. All trainees have access to study leave time (in line with terms and conditions of service) and budget. This may be used to access MFDS/MFD/MJDF courses and other courses linked to an agreed PDP. DCT2 posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.</p> <p>All DCTs, who have not worked in an Oral and Maxillofacial Surgery (OMFS) unit in Scotland previously, attend an additional two-day induction course: Maxfacts. This course is designed to cover the essential skills for an OMFS DCT post and is delivered by OMFS consultants and senior trainees. The teaching is backed up by on-line resources which will made available to DCTs prior to the Maxfacts course.</p>
