

# DENTAL CORE TRAINING 2022/23

## DCT2 One Year Post

### Scotland

#### Dundee Dental Hospital Oral Surgery/Restorative Dentistry

1.	<b>Deanery name</b>	Scotland
2.	<b>Type of training post</b>	DCT2
3.	<b>Rotational Post information</b>	Not rotational  September 2022 – September 2023 – Dundee Dental Hospital: Oral Surgery & Restorative Dentistry
4.	<b>Training unit/location/s</b>	This post is based within NHS Tayside. Twelve months will be in Dundee Dental Hospital.
5.	<b>Full address of training units where training will take place</b>	Dundee Dental Hospital, Park Place, Dundee, DD1 4HR
6.	<b>Travelling commitment</b>	N/A
7.	<b>Educational Supervisor</b>	Will be confirmed with post-holder
8.	<b>Description of the training post</b>	Restorative dentistry.  The DCT2 post provides comprehensive experience in oral surgery and restorative dentistry. There is good exposure to simple exodontia and minor oral surgery including treatment under conscious intravenous sedation and general anaesthetic. The trainee would also be exposed to all Restorative disciplines including fixed and removeable prosthodontics, endodontics and periodontics. The post holder will be expected to engage with undergraduate teaching of simple exodontia in addition to being involved in Consultant clinics in both Oral Surgery and Restorative Dentistry.
9.	<b>Primary Care training element</b>	N/A
10.	<b>Educational programme summary and library facilities</b>	There is a Scotland-wide education programme for DCT2s which is designed to match the DCT curriculum. The programme will include an induction followed by a number of study events throughout the year, supported by Turas Learn. These events will be delivered with a mix of face to face and online sessions, which will include all DCT2s training in Scotland, as does the annual trainee conference which includes the DCT1s and DCT3s. All trainees have access to study leave time (in line with terms and conditions of service) and budget. This may be used to access MFDS/MFD/MJDF courses and other courses linked to an agreed PDP. DCT2 posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.

		All DCTs, who have not worked in an Oral and Maxillofacial Surgery (OMFS) unit in Scotland previously, attend an additional two-day induction course: Maxfacts. This course is designed to cover the essential skills for an OMFS DCT post and is delivered by OMFS consultants and senior trainees. The teaching is backed up by on-line resources which will be made available to DCTs prior to the Maxfacts course.
