6.	Travelling commitment	There will be a requirement to travel within the Greater Glasgow and Clyde Health Board area in order to obtain a range of experience.
7.	Educational Supervisor	Will be confirmed with post-holder
8.	Description of the training post	<p>The first part of the post is based in the Restorative Dentistry Department at Glasgow Dental Hospital and School from September 2023 to March 2024 and will offer experience in the following aspects of dentistry; Periodontology, Fixed and Removable Prosthodontics and Endodontics. There are both core and specialty level training post holders working throughout the department. There is a close working relationship with the School for Dental Care Professionals and the University of Glasgow Dental School, both located within GDH. Clinical experiences may include new patient referral clinics, treatment sessions, including basic surgical training, supervision of BDS or BSc students, and an emergency patient session.</p> <p>The second placement in this post from March 2024 to August 2024 is ideally suited to anyone interested in Paediatric Dentistry. The Paediatric Department within Glasgow Dental Hospital and School may offer clinical experience in the following: new patient assessment; treatment sessions, including inhalation sedation; dental accident and emergency; dental trauma management; and multidisciplinary clinics. Clinical time will also be spent within RHCG where DCTs may gain experience in new patient assessment and treatment of medically complex children and the in-/ out-patient care of children requiring priority dental care, including those with oncology, haematology and cardiac diagnoses.</p>
9.	Primary Care training element	None
10.	Educational programme	There is a Scotland-wide education programme for Dental

	summary and library facilities	Core Trainees which is designed to match the DCT curriculum. The programme has four themes running through each year of Dental Core Training. These are: Clinical, Communication, Career Development Skills and Quality Improvement & Patient Safety. Posts begin with a local health board and NES induction, followed by a number of face-to-face study events throughout the year, supported by Turas Learn. These events include all Dental Core Trainees in Scotland, as does the annual trainee conference. All trainees have access to study leave time (in line with terms and conditions of service) and budget. This may be used to access MFDS/MFD/MJDF courses and other courses linked to an agreed PDP. DCT posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.
