

DENTAL CORE TRAINING 2022/23

Scotland - Queen Elizabeth University Hospital (OMFS)

1.	Deanery name	Scotland
2.	Type of training post	DCT 3
3.	Rotational Post information	Not rotational
4.	Training unit/location/s	Queen Elizabeth University Hospital, Regional Maxillofacial Unit
5.	Full address of training units where training will take place	Queen Elizabeth University Hospital 1345 Govan Rd Govan Glasgow G51 4TF
6.	Travelling commitment	There will be a requirement to travel within the Greater Glasgow and Clyde Board area in order to obtain a range of experience.
7.	Educational Supervisor	Will be confirmed with post-holder
8.	Description of the training post	The post is available at Queen Elizabeth University Hospital (QEUE) OMFS department. The QEUE is the largest acute hospital facility in Europe. Working as part of the Regional Maxillofacial Unit at the QEUE in Glasgow for adult oral and maxillofacial services, this post is offered on a full-time basis based in outpatients and theatre at QEUE. The Maxillofacial Unit is part of the Regional Services Directorate and in this way is closely allied to Neurosciences and ENT. The post will expose DCT's to all aspects of OMFS including Oncology, Facial Deformity, Paediatric OMFS, Paediatric Congenital Deformity and Trauma. The post will be based in the outpatient and theatre settings. Opportunities for interested candidates to shadow junior medical staff on the ward will exist. These posts require a high level of team-work and good communication skills. An excellent level of support is provided by Specialty Trainees and the Consultant group. DCT's will be allocated to teams within the department to enable them to gain experience in all aspects of OMFS. Weekly teaching takes place at the Queen Elizabeth University Hospital. Applicants should note that travel between hospitals in the Glasgow area may be required for local lists and clinics.
9.	Primary Care training element	None
10.	Educational programme summary and library facilities	There is a Scotland-wide education programme for DCT3s which is designed to match the DCT curriculum. The programme will include an induction followed by a number of study events throughout the year, supported by Turas Learn. These events will be delivered with a mix of face to face and online sessions, which will include all DCT3s training in Scotland, as does the annual trainee conference which includes the DCT1s and DCT2s. All trainees have access to study leave time (in line with terms and conditions of service) and budget. This may be used to access MFDS/MFD/MJDF courses and other courses linked to an agreed PDP. DCT3 posts include

		<p>time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.</p> <p>All DCTs, who have not worked in an Oral and Maxillofacial Surgery (OMFS) unit in Scotland previously, attend an additional two-day induction course: Maxfacts. This course is designed to cover the essential skills for an OMFS DCT post and is delivered by OMFS consultants and senior trainees. The teaching is backed up by on-line resources which will be made available to DCTs prior to the Maxfacts course.</p>
11.	Employment information
