		under GA and LA. The DCT will participate in the visiting Maxillofacial surgery service as well as the virtual oral medicine clinics. There is the opportunity to participate in Orthodontic clinics, where there will be the prospect to gain experience in the use of removable, functional and fixed appliances under consultant guidance. DCTs will also attend new patient diagnostic clinics.	
10.	<b>Suitable for Temporary Registrant?</b>		NO
11.	<b>Primary Care element Performer Number required?</b>	YES	
12.	<b>Pattern of working including any on-call commitment</b>	Monday – Friday  No on-call commitment	
13.	<b>Educational programme summary</b>	<p>There is a Scotland-wide education programme for Dental Core Trainees which is designed to match the DCT curriculum. The programme has four themes running through each year of Dental Core Training. These are: Clinical, Communication, Career Development Skills and Quality Improvement &amp; Patient Safety. Posts begin with a local health board and NES induction, followed by face-to-face study events throughout the year, supported by Turas Learn. These events include all Dental Core Trainees in Scotland, as does the annual DCT conference.</p> <p>All trainees have access to study leave time (in line with terms and conditions of service) and budget. This is predominantly to fund attendance of DCTs at the compulsory NES Educational events, however funding may be available to contribute to the cost of other courses linked to an agreed PDP.</p> <p>DCT posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.</p> <p>All DCTs, who have not worked in an Oral &amp; Maxillofacial Surgery (OMFS) unit in Scotland previously, attend an additional two-day induction course known as Maxfacts. This course is designed to cover the essential skills for an OMFS DCT post and is delivered by OMFS consultants and senior trainees. The teaching is backed up by on-line resources which will be made available to DCTs prior to the Maxfacts course.</p>
