Join us for the first in a series of webinars designed to help NHS Scotland practitioners implement and embed the nursing and midwifery Scottish model of clinical supervision in practice.

During the webinar, you'll have the opportunity to:

- Learn about the three components of the model: practice, professional and restorative.
- Gain insights from colleagues from across Scotland who will share their experience of implementing the model.
- Discover how the Scottish model of clinical supervision can elevate your practice and improve care quality.

Don't miss this opportunity to stay up-to-date on the latest developments in clinical supervision and how it can benefit your patients and your practice.
