Key Elements

EMPOWERMENT

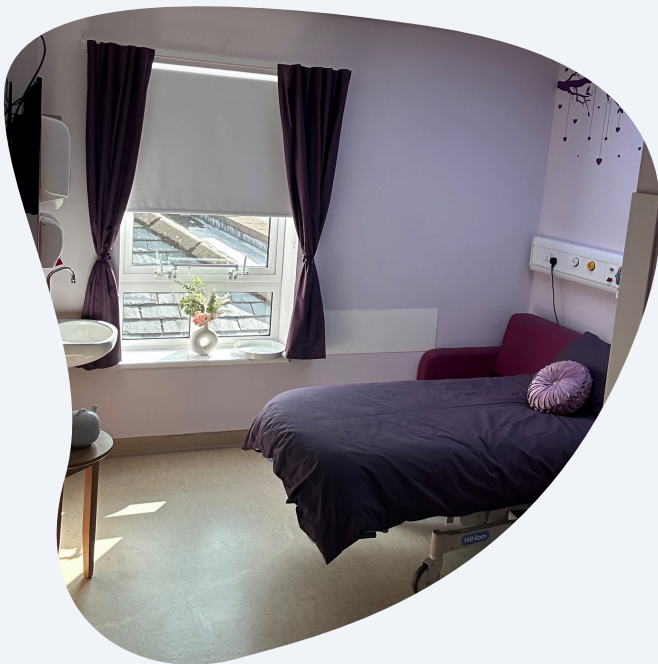

TRUST

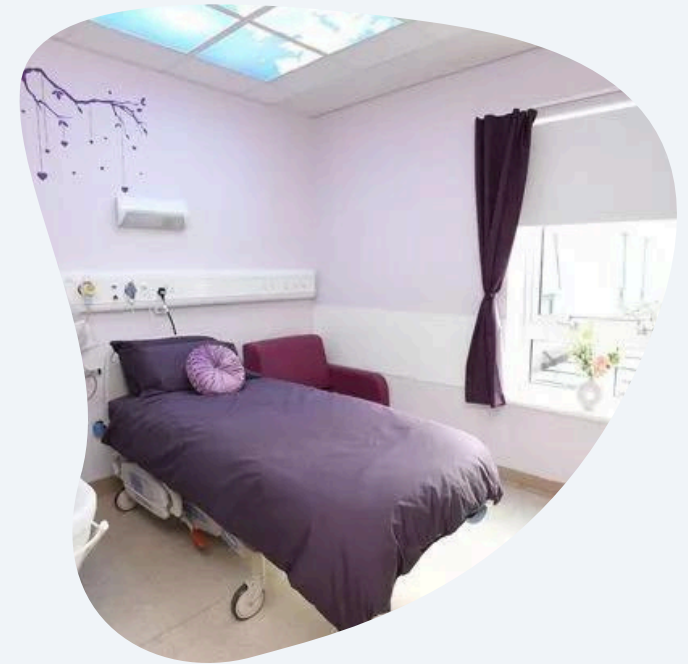

SAFETY

Ohana Suite's at University Hospital Wishaw

OBJECTIVE

HAVE A BIRTHING SUITE DEDICATED FOR BEREAVED FAMILIES AWAY FROM THE LABOUR WARD, TO ALLOW THEM A CALM, SAFE AND QUIET ENVIRONMENT.

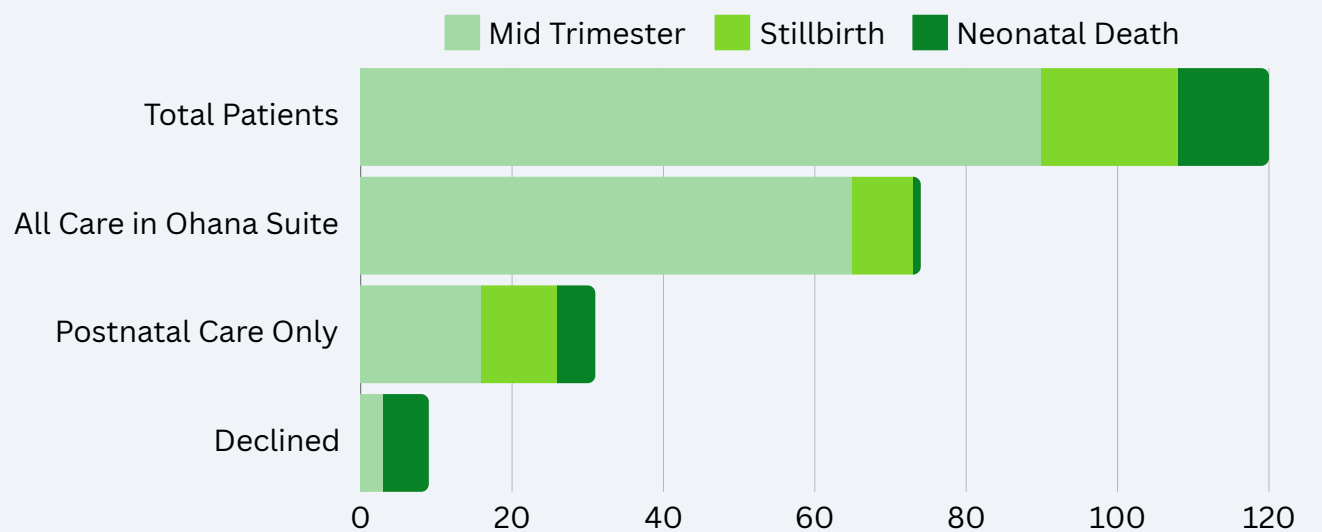

A collaborative approach with the Perinatal Team & third sector charity Lanarkshire SANDS and receiving feedback from bereaved parents enabled us to ensure the environment was tailored to the needs of bereaved families.

88%

of eligible patients received all care within ohana suite

Patient Safety

Risk Assessment throughout the patients time at the hospital ensures appropriate patient placement.

Empowerment & informed choice

100% of patients agreed they were given information in a timeous manner that enabled and empowered them to make informed choices about their bereavement care.

Quality of Care

A recent independent survey of bereavement care had shown 100% of families believed they were cared for in a sensitive and supportive environment.
